

# TRI DELTA TRANSIT

Eastern Contra Costa Transit Authority  
801 Wilbur Avenue • Antioch, California 94509  
Phone 925.754.6622 Fax 925.757.2530

## Addendum No. 1

---

### **Response to Question and Requests for Clarification, Interpretation, and Additional Information**

**For:**

### **Request for Proposals #2023-04 Comprehensive Operational Analysis**

**Eastern Contra Costa Transit Authority**

### **Notice to Prospective Proposers**

Eastern Contra Costa Transit Authority's (ECCTA) response to questions and requests for clarification, interpretation, and additional information, as set forth in the Information to Proposers section of the RFP, page 8, "Interpretation of Contract Documents," is attached and hereby incorporated into, and made part of, the RFP solicitation for a comprehensive operational analysis of ECCTA's mobility services and redesign of its system.

Office of the CEO

## Questions and Answers

**Q: Can ECCTA define what success of this project looks like?**

A: Success includes but is not limited to providing a homogeneous mobility network that meets the daily needs of our riding public. This can include the introduction of micro and shared mobility, restructuring of trunk fixed route lines, expansion of micro transit. Equity is important, as is ridership. However, we want to find a balance that meets the needs of Eastern Contra Costa County.

**Q: Different potential options can result in various different price points. Should proposers submit those differing priced options so as to not be penalized, or otherwise, how should option pricing be handled?**

A: Proposers should outline potential options as part of their submission, which will be evaluated as part of their technical proposal. As ECCTA assumes other options will increase cost, the discussion of option pricing can be discussed during the interview portion of the RFP process.

**Q: What data is available from 2019, as mentioned in Task 2, or are you looking for the creation of new data?**

A: Complementary data can be found in NTD reports as well as on the Contra Costa Transportation Authority (CCTA) and Metropolitan Transportation Commission (MTC) respective sites.

**Q: When the addendum is published following the pre-proposal meeting, will it include the attendees of the pre-proposal meeting?**

A: Yes.

**Q: If, during submission to Bid Express, we identify that there is a place missing for adding attachments, can we reach out directly to ECCTA to find out where to submit the bid attachment?**

A: Yes, but you should also reach out to the Bid Express Customer Service team in case the issue is of a technical nature on their end.

**Q: Would ECCTA be able to respond to questions as they receive them, rather than wait?**

A: We will do our best.

**Q: Can ECCTA explain what it is hoping to get out of this COA that was not received as a result of the COA performed in 2020?**

A: Previous COA results were narrowly targeted to include specific key destination points (i.e. – The Antioch BART station and Oakley Park and Ride). Our focus now is a wholistic one that looks at the entire 225 mile service area in hopes of maximize our impact on the communities that we service. Through those successes we hope to increase our brand recognition by providing a stable, reliable and efficient mobility network.

**Q: Is attendance at the pre-proposal meeting required in order to submit a proposal?**

A: No.

**Comprehensive Operational Analysis  
Pre-proposal Registration List
