

TRI DELTA TRANSIT Opportunity

SERVICE WORKER

Eastern Contra Costa Transit Authority (ECCTA), operating as Tri Delta Transit, was formed in the San Francisco Bay Area in 1976 as a Joint Powers Agency (JPA). As an essential service, Tri Delta Transit has provided public transportation to the communities we serve ever since.

The agency is centrally located 40 miles east of San Francisco, one hour south of the Napa Wine Country, and approximately one hour from three major airports. This beautiful area is comprised of 65 national and local parks, thriving sport and recreational waterways, hiking and biking trails, historic downtowns, along with art and culture centers. Tri Delta Transit provides a rare opportunity to live and work locally, as eastern Contra Costa County is the chosen Bay Area location to raise a family due to the schools and reasonable housing prices.

Currently Tri Delta Transit has an annual budget of \$41 million. Tri Delta Transit has provided, at times, nearly two million trips a year to a population of approximately 315,000 residents in the 225 square miles of eastern Contra Costa County. The agency operates 16 fixed-routes on weekdays, six on weekends, senior and paratransit services, non-emergency medical transportation (NEMT), and an on-demand shuttle service, "Tri MyRide". Tri Delta Transit operates maintenance in-house, but contracts with Transdev for the operation of the transportation fleet.

As one of the 27 public agencies in the Bay Area, Tri Delta Transit has a long standing focus on providing innovative integrated mobility options and of meeting the needs of the riders served. Tri Delta Transit will continue to move transportation into the future.
