CHIEF EXECUTIVE OFFICER'S REPORT

A. Operations Report

Chief Executive Officer (CEO) Jeanne Krieg advised that she and Chief Operating Officer (COO) Steve Ponte had attended the APTA Legislative Conference, where there had been excitement over the FAST Act, a 5-year fully funded transportation bill. She reported that they had met with both Congressman McNerney and Congressman DeSaulnier at that time, noted that both had sent their hellos to the Board, and had also met with staff from the Senate Banking Committee who were the real authors of the transportation bill. She presented an informational handout that she had prepared to give to legislative staff to describe Tri Delta Transit and its activities. While the growth in public transportation was traditionally highlighted at the conference each year, she explained that this year the discussion had focused on the decline in ridership nationwide, thought to be the result of low gasoline prices and potentially the change in licensing requirements.

Ms. Krieg also advised that staff was preparing for the sale of summer youth pass wristbands that had been approved last month, and for Federal Glover's Youth Summit, now called "Y Assemble" on May 21, 2016 at Pittsburg High School. Tri Delta Transit staff was meeting with Supervisor Glover's staff and Contra Costa 511, which was funding the program, to distribute the wristbands.

Ms. Krieg reported that Tri Delta Transit continued to operate bus bridges for BART, which had been challenging given that drivers were limited to the number of hours they were allowed to drive and with the fact that there was not a lot of extra equipment available, although customers and BART passengers had been appreciative of the service. She reported that as of March 21, Tri Delta Transit had operated 334 service hours for BART and carried 7,817 passengers on the bus bridge.

Ms. Krieg reminded Boardmembers that Form 700 was due on March 31, 2016, when they would be sent to the County.

Speaking to the fixed route umbrella promotion that had been so popular, Ms. Krieg reported that Dial-a-Ride customers had also been offered a gift, the bags left over from the System of the Year celebration, which had been distributed to Dial-a-Ride customers.

Ms. Krieg advised that the solar project was moving forward now that the low interest loan had officially been approved, although staff was waiting for PG&E to submit its part of the project. The Request for Bid (RFB) was expected to be published late next month.

Ms. Krieg announced that she had been appointed by Anthony Foxx, the Secretary of Transportation to the Department of Transportation's Transit Advisory Committee for Safety, and was honored to represent the agency and small transit operators to advise on various matters of transportation safety. The committee met twice yearly and advised the Department of Transportation on matters of transportation safety, and the first meeting would be next week.

In other matters, Ms. Krieg reported that she had communicated with the BART General Manager with respect to Tri Delta Transit's appointment to the Parking & Connectivity Committee being formed by BART Director Joel Keller, although she had not heard back yet; the ECCTA committee comprised of Directors Clare, Gray, and Rocha to discuss senior transportation options was expected to meet next month; and low fuel prices continued to affect ridership although the cost for fuel was down; expenses were in line and all other operational parameters were as expected.

B. Operations Contract: Status Report

Ms. Krieg reported that the Request for Proposal (RFP) had been published on February 1, 2016, and the pre-proposal conference had been held in February. Several clarifying questions had been submitted for the March 4, 2016 deadline and a final addendum had been published. Proposals were due on March 25, 2016, to be analyzed by staff when firms would be selected for interview on April 11, 2016 with a recommendation at the next Board meeting. She reiterated that if anyone contacted a Boardmember for information, they should be directed to her.

Ms. Krieg proudly announced that her son John had graduated from the Contra Costa Sheriff Academy last week and was now an official Contra Costa Sheriff Deputy.

Director Daugelli stated he had personally benefitted from the bus bridge, which had been professional, very helpful, and well done.

Director Longmire congratulated Ms. Krieg on her appointment to the Department of Transportation's Transit Advisory Committee for Safety, and stated that her son John had now become part of a larger family.

Director Clare complimented Tri Delta Transit staff on their assistance with a recent situation where he had to pick up a family friend in San Francisco. He also clarified with Ms. Krieg the situation with respect to funding for Park & Ride lot construction and asked about the Mokelumne Intermodal Transit Center property.

Ms. Krieg explained that the Mokelumne Intermodal Transit Center property would be BART's property, similar to what had been done at Bliss Avenue, Hillcrest Avenue, and Bailey Road prior to the development of the BART station.

ACTION AND DISCUSSION ITEMS

A. MTC's Transit Performance Initiative – Incentive Program

Ms. Krieg presented the request for authorization to apply for the Metropolitan Transportation Commission's (MTC's) Transit Performance Initiative (TPI) Incentive Program to improve ridership and/or productivity.

COO Steve Ponte explained that the use of the funds was limited, essentially to provide travel training to seniors or some incentive program to help more people ride the bus, and funds would be shifted to subsidize senior fares to get seniors on the fixed route bus.

On motion by Director Romick, seconded by Director Harper, ECCTA Boardmembers adopted Resolution 160323a authorizing the CEO to file an application for funding from the Transit Performance Initiative, Incentive Program with MTC, carried by the following vote:

AYES:

Clare, Daugelli, Glover, Gray, Guise, Harper, Longmire, Rocha, Romick, and

Johnson

B. Bike Locker Agreement

Ms. Krieg advised that when the eBART station opened at Hillcrest and Railroad Avenue it was possible that Contra Costa 511 and BART would come forward with additional bike lockers. She explained that Tri Delta Transit's bike locker rental agreement had not been updated since 2004, and required a \$25 key deposit for a six-month contract. When keys were not returned, it cost the agency \$100 to rekey the lock. She recommended that the agreement be changed to increase the key deposit to \$100 and increase the term to 12 months. She verified that if the key was returned, the \$100 deposit would be refunded. She also explained that the current bike lockers were not salvageable.

On motion by Director Romick, seconded by Director Longmire, ECCTA Boardmembers amended the bike locker rental agreement form to increase the key deposit to \$100 and increase the term to 12 months, carried by the following vote:

AYES:

Clare, Daugelli, Glover, Gray, Guise, Harper, Longmire, Rocha, Romick, and

C. Requested Bus Stop on Lone Tree Way

Mr. Ponte referred to the comment last month about a new restaurant and church in Antioch that could use a bus stop. Since that meeting, Tri Delta Transit staff had been meeting with City of Antioch staff and had come up with proposed bus stops that might help those wanting to patronize the Hurricane restaurant and the Fellowship Church. A map identifying preferred locations eastbound and westbound was presented for the Board's information. It was noted that while walking distance could be reduced westbound, not much improvement could be expected eastbound.

Director Harper thanked Ms. Krieg, noted that the church had just opened, and with 3,600 members, the bus stop was much needed.

In response to Director Clare as to the costs associated with the new bus stop, Ms. Krieg reported that the City of Antioch would be responsible for the sidewalk and gutter modifications while Tri Delta Transit would be responsible for the shelter and benches, although there was insufficient room at the proposed locations for more than a lean bar. The work would be done as soon as approved by the City of Antioch.

The Board supported the proposal.

BOARD OF DIRECTORS COMMENTS

Director Harper congratulated Director Longmire on his selection as the new Executive Director of the Los Medanos Community Healthcare District. He also reported that he would be a Grandfather.

Director Guise expressed Happy Easter wishes to everyone.

Director Daugelli reported that the next edition of the Antioch Senior Center Newsletter would include an article about taking Tri Delta Transit to shops at Tanforan, with those interested to call Tri Delta Transit for scheduling.

Director Longmire advised that there would be a Cesar Chavez March on Saturday in the City of Pittsburg, and all were invited to attend. He also thanked staff for the information about the BART bus bridge.

Chair Johnson commended the Cesar Chavez event in Pittsburg, and wished everyone a Happy Easter.

<u>ADJOURNMENT</u>

Chair Johnson adjourned the meeting of the Eastern Contra Costa Transit Authority at 4:30 P.M. to April 27, 2016 at the ECCTA Administration Facility, 801 Wilbur Avenue, Antioch, California.

Respectfully submitted,

Anita L. Tucci-Smith

Agenda Item:

Zero Emission Buses – Agenda Item 7a

Lead Staff:

Steve Ponte, Chief Operating Officer

Approved:

Jeanne Krieg, Chief Executive Officer

Background

At the December 16, 2015, the ECCTA Board of Directors authorized the CEO to sign a Bus Options Agreement with King County Department of Transportation for the purchase of two 40' Low Floor Proterra electric buses. These two buses will be used in existing service as a demonstration project.

ECCTA is in the process of waiting for approval for this purchase from a Federal Transit Administration (FTA) grant allocation.

ECCTA received a price quote from Proterra for the purchase of these two buses which also includes two charging stations. The King County Department of Transportation RFP Contract EB11-2 purchase meets the requirements of all applicable FTA solicitation and RFP award requirements.

Recommendation

Adopt Resolution #160427a authorizing the CEO to execute and deliver a purchase order to Proterra Inc. for an amount not to exceed \$1,678,000, which includes a 10% contingency, for the purchase and delivery of two 40' low floor electric buses and the purchase and installation of two charging stations upon FTA grant approval.

Staff Report to ECCTA Board of Directors

Meeting Date: April 27, 2016

Agenda Item: Radio Spectrum Sale – Agenda Item #7c

Lead Staff: Steve Ponte, Chief Operating Officer

Approved: Jeanne Krieg, Chief Executive Officer

Background:

In 2010, after some changes in Federal Communications Commission (FCC) requirements, the Board of Directors authorized the purchase of a radio frequency. The Board of Directors further authorized staff to negotiate with Pacific Gas and Electric Company (PGandE) to split the frequency to eliminate "bleed over" into other frequencies. There are several counties covered by the ECCTA radio frequency.

PGand E approached ECCTA with an offer to buy our unused radio spectrum. After negotiation, PGand E offered a price that is a good value for both ECCTA and PGandE.

Recommendation:

Authorize the CEO to enter into an agreement with Pacific Gas & Electric Company to sell ECCTA's unused radio spectrum for \$44,861 plus an extra \$10,000 premium for the right of first refusal on the sale of the remaining frequency if ECCTA decides to sell it.

Operations Contract - Agenda Item #7d

Lead Staff:

Ann Hutcheson, Director of Administrative Services

Approved:

Jeanne Krieg, Chief Executive Officer

The current Transit Operations contract between First Transit and ECCTA expires June 30, 2016.

Process

- February 1, 2016: RFP #2016-001, for Transit Operations was mailed to 10 firms, advertised in newspapers, trade journals, and posted on ECCTA's web site.
- February 17, 2016: Seven firms attended a pre-proposal conference.
- March 25, 2016: ECCTA received six proposals:
 - First Transit
 - ➤ Keolis Transit Services
 - ➤ McDonald Transit
 - > MV Transportation
 - National Express
 - > Transdev

An initial screening of the proposals was performed to:

- ✓ ensure the proposals met the basic requirements of the RFP,
- ✓ confirm references, and
- ✓ check that none of the Proposer's were listed on the Comptroller General's list of ineligible Proposers.
- April 12, 2016: Two firms, Keolis Transit Services and First Transit, attended an on-site interview.

Agenda Item #7d

Eastern Contra Costa Transit Authority Board of Directors Meeting: April 27, 2016 ECCTA's Technical Review Committee conducted an in-depth evaluation of the technical proposals, price proposals, and the interviews. The following selection criteria was used to evaluate the proposals:

- ✓ Experience and Staffing (40%),
- ✓ Approach to Scope of Work (40%),
- ✓ Cost Proposal (15%), and
- ✓ Transition and Start-up Plan (5%)

The Technical Review Committee ranked the proposals as follows:

Proposer	Rank
First Transit Inc.	1
Keolis Transit Services	2
Transdev	3
MV Transportation	4
National Express	5
McDonald Transit	6

The Technical Review Committee chose First Transit Inc. as the proposer who will provide the highest quality service possible for the best value possible for transit operations.

Recommendation

Adopt Resolution #160427b authorizing the CEO to execute and deliver a four-year contract plus three optional two-year extensions for Transit Operations to First Transit Inc. for \$51,951,927 from July 1, 2016 to June 30, 2020.

Jeanne Krieg, Chief Executive Officer

There is an annual CTSGP funding opportunity that staff is pursing which requires a resolution of authorization from the ECCTA Board of Directors to allow staff to file an application for these funds. CalOES has already issued a NOPE (Notification of Project Eligibility) in response to the Investment Justification that was submitted in January. (attached)

Staff requests that the board approve this resolution so that we can file an application for Prop 1B, FY16 CTSGP funds. These funds will be used to acquire and install surveillance and security equipment at the existing facility. This equipment will be used in normal operations and provides important, enhanced capability for surveillance and security at ECCTA headquarters.

Recommendation

Adopt Resolution #160427c authorizing the CEO or her designee to execute for and on behalf of Eastern Contra Costa Transit Authority, any actions necessary to obtain financial assistance provided by the California Governor's Office of Emergency Services under the CTSGP.
