

TRI DELTA TRANSIT Opportunity

MECHANIC

Eastern Contra Costa Transit Authority (ECCTA), operating as Tri Delta Transit, was formed in the San Francisco Bay Area in 1977 as a Joint Powers Agency (JPA). As an essential service, Tri Delta Transit has provided public transportation to the communities we serve ever since.

The agency is centrally located 40 miles east of San Francisco, one hour south of the Napa Wine Country, and approximately one hour from three major airports. This beautiful area is comprised of 65 national and local parks, thriving sport and recreational waterways, hiking and biking trails, historic downtowns, along with art and culture centers. Tri Delta Transit provides a rare opportunity to live and work locally, as eastern Contra Costa County is the chosen Bay Area location to raise a family due to the schools and reasonable housing prices.

Currently Tri Delta Transit has an annual budget of \$41 million. Tri Delta Transit has provided, at times, nearly two million trips a year to a population of approximately 315,000 residents in the 225 square miles of eastern Contra Costa County. The agency operates 11 fixed-routes on weekdays, five on weekends, senior and paratransit services, non-emergency medical transportation (NEMT), and an on-demand shuttle service, Tri MyRide. Tri Delta Transit operates maintenance in-house, but contracts with Transdev for the operation of the transportation fleet.

As one of the 27 public agencies in the Bay Area, Tri Delta Transit has a long standing focus on providing innovative integrated mobility options and of meeting the needs of the riders served. Tri Delta Transit will continue to move transportation into the future.

**BE ON THE ROAD
TO A GREAT NEW CAREER!**

\$34.91 - \$46.32/hour DOE, nights & weekends, generous benefits

JOB SUMMARY

To maintain Tri Delta Transit vehicles in an efficient, timely and safe manner.

ESSENTIAL DUTIES

Under the direction of the Director of Maintenance, an ECCTA mechanic will:

- Perform maintenance inspections and make repairs found during inspections.
- Inspect, diagnose, and make repairs of mechanical defects on transit buses and related mechanical equipment.
- Inspect and maintain the vehicle air and brake systems. Perform brake relines on both drum and disc brake systems.
- Perform diagnosis and repair of the engine, transmission, differential, suspension, HVAC, cooling, and fuel systems.
- Perform detailed electrical diagnosis and repairs.
- Maintain accurate records for repairs made and time worked.
- Perform road tests of transit buses to ensure reliability and accuracy of repairs made.
- Perform other duties as assigned.

MINIMUM QUALIFICATIONS

Education:

High school diploma or equivalent preferred. ASE Transit, Truck or School Bus Certifications preferred.

Experience:

A minimum of one year of recent and verifiable experience as an automotive mechanic or a heavy-duty mechanic. Experience working with zero-emission buses is preferred.

Pre-Employment Testing:

Final candidates will be required to pass a Federal Transit Administration pre-employment drug screen and Department of Transportation physical.

Tools:

Possession of necessary tools to perform above duties, including approved safety-toed shoes to be worn on the job.

License:

Applicants need not have commercial driving experience to apply, but must have or be able to obtain a Class B driver's license with a "P" endorsement. On-the-job DMV training will be provided.

Applicants will not be considered if they have more than two moving violations and/or accidents on their driving record within the past three years.

NOTE: This job classification is represented by Amalgamated Transit Union, Local 192.
